

# **Magnolia Radio Intertie**

## **DRAFT MISSION STATEMENT**

- To promote the responsible use of amateur radio repeaters in Mississippi, the region, and the nation.
- To build, maintain, and manage a strategic backbone of amateur radio repeater systems as a central activity.
- To identify and secure the financial resources to maintain, update, and expand the Intertie system as needed.
- To work cooperatively with the official frequency coordinating agency for amateur radio repeaters in Mississippi.
- To facilitate to technical training of all amateur radio repeater trustees in Mississippi and beyond.
- To encourage innovation in the use of repeaters and relevant technologies and applications.
- To support identified served agencies in their operations to protect, sustain, and enhance communities.
